

SARISH CHACHARE

Data Analyst

Dear Hiring Team,

I am writing to express my interest in the Data Analyst position as advertised. With a B.Tech in Computer Engineering and hands-on experience in data analysis, I am well-prepared to contribute effectively to your team.

In my previous roles, I have developed strong skills in SQL querying, data cleansing, and statistical analysis, all of which are crucial for the tasks outlined in your job description. My experience includes building interactive dashboards using Tableau and Power BI, alongside performing thorough data manipulations utilizing Python and R.

During my tenure as a Data Science Trainee, I collaborated with industry experts and completed over 500 hours of training, which has equipped me with a comprehensive understanding of data governance and business intelligence. My passion for extracting insights from data has culminated in projects that track KPIs and provide actionable recommendations to reduce business uncertainties.

I am particularly drawn to your organization's commitment to leveraging data for strategic decision-making, and I am eager to bring my analytical skills and attention to detail to your team. Thank you for considering my application.

Sincerely,

SARISH CHACHARE
